

PRODUCT NAME

BiOWiSH™ Septic Tank Maintenance

CHEMICAL COMPOSITION

Active Microbial Cultures (Biosafety Level 1).....	0.1%-1.0% (nominal)
Dextrose.....	95.0%-97.5%
Soya lecithin.....	1.0%-3.0%
Salt.....	0.5%-1.0%
Total.....	100%*

*Exact percentage (concentration) of composition has been withheld as a trade secret.

PRODUCT USAGE

Using BiOWiSH™ Septic Tank Maintenance every three months helps keep the all-natural microbial system working effectively, reducing the need for pump-outs, decreasing noxious odors, and improving discharge water quality. Suitable for all existing septic system applications, BiOWiSH™ Septic Tank Maintenance digests solid organic waste that accumulates in your septic tank.

PRODUCT ORIGIN

Made in USA by:
BiOWiSH Technologies, Inc.
2724 Erie Avenue, Suite C
Cincinnati, OH 45208 USA

PHYSICAL/CHEMICAL PROPERTIES

COLOR: Off white
ODOR: Mildly sweet, earthy odor
pH: 5.1 – 6.2 S.U.
BULK DENSITY: 0.62 – 0.96 g/cm³
SOLUBILITY: Soluble in water
PHYSICAL STATE: Powder

PRODUCT FORMAT

301065 – 100g / 3.5 oz.

PRODUCT BENEFITS

- Digests solids and reduces the need to pump out
- Treats up to a 2500-gallon tank or up to 4 bathrooms
- Safe for all plumbing and piping
- Rapidly reduces odors
- Boosts system for heavy loads or after long periods of inactivity
- Nontoxic

PRODUCT DOSING

1. Flush toilet before applying treatment – preferably at night. Do not use disinfectant cleaners on toilet bowl prior to dosing.
2. Open packet, pour contents into toilet bowl, and flush immediately. For homes with multiple toilets, divide contents evenly among bowls & flush each toilet immediately.
3. For best results, pour contents of packet into toilet bowl and flush immediately before retiring. Do not flush toilet or use running water for at least 4 hours after flushing packet contents.
4. Repeat treatment every 3 months.

STORAGE AND HANDLING

The product is sold in food grade metallized polyethylene bonded film bags and has a three-year shelf life (when stored in a dry place away from direct sunlight). Store in cool, dry location out of direct sunlight. Storage above 40°C (104°F) for extended periods is not recommended.

SAFETY

The product is classified non-hazardous and non-flammable. To download Safety Data Sheet and Hazard or First Aid Information, go to www.biowishtech.com/sds.

NOTICE

Ineffectiveness or other unintended consequences may result from, but are not limited to, management practices or product misuse. All such risks shall be assumed by Buyer and User.

COMPATIBILITY

BiOWiSH™ Septic Tank Maintenance will not operate effectively in the presence of high concentrations of some chemical products such as disinfectants. Please contact a BiOWiSH Distributor representative in your area for site specific compatibility information.
